US Foreign Affairs Researcher Mr. Curt Tarnoff visits MCA-T

MCA-T had an opportunity to meet with Mr. Curt Tarnoff, US Foreign Affairs Researcher. Mr. Curt's visit to MCA-T has the objective of exploring what is about MCC that makes it unique among donor agencies.

In the meeting Mr. Tarnoff was briefed by MCA-T CEO Mr. Bernard Mchomvu on how MCA-T was formed, selection of the projects according to the country's economic development, current status of implementation of project activities and challenges.

Mr. Curt was interested in understanding the uniqueness of the program compared to other donor project, why MCA-T is so special compared to other projects, how to control corruption and how to manage contracts. The team took enough time to discuss and exchange experience on issues raised by Mr. Curt.

Mr. Curt will also visit Tanga –Horohoro road construction, Pemba roads project and Energy project in Zanzibar in order to learn more about projects at the site.
